

Signed prints available of the official *Celebrate America* art

PAINTING FOR LIFE is dedicated to illuminating the richest joys and truths about living. We value life and strive to showcase this through our art. Benjamin Hummel, one of the contributing artists, suffers from chronic and debilitating illness, culminating in great pain. Painting allows him to deal with his illness and to focus on the blessings of life. We also paint for life, as we will be artists until the day that we die. Finally, we paint for The Way, The Truth, and The Life, as we dedicate all of our work to our Lord and Savior, Jesus Christ, who gives us Life, as well as the gifts of which we share with you.

Celebrate America was inspired by the personal reflection of those attributes that make America great. This is not an exhaustive list, but was rather created in order to get the viewer to begin reflecting on his or her own list of qualities that make America great, and to be thankful for the men and women who fought to guarantee these blessings.

Celebrate America hand signed, 11" x 14" prints on acid free textured artist paper are available for \$35.00. A portion of the proceeds will go to support the efforts of World Vision and Samaritan's Purse.
